Sunny Luke Honored with Legend of 2025 Award

Among the few high achievers of Kerala, Prof. Sunny Luke was honored with the award, Legend of 2025, by the Pravasi Conclave Trust (PCT), Kerala, representing prestigious organizations in America such as FOKANA, WMF, and the World Malayali Council. He received the award from Justice Kurian Joseph, former judge of the Supreme Court of India.

The jury selected him based on his contributions to Kerala through the publication of the reference book Introduction to Kerala Studies, his efforts in bringing students from U.S. universities to Kerala University for a semester of study, and exposing Kerala to U.S. universities through faculty-led programs.

He was also recognized for his current efforts in educating Kerala professors and higher education administrators on how to implement India's National Education Policy (NEP) through the Four-Year Undergraduate Program (FYUGP). Additionally, he was honored for his extraordinary drive in establishing research and academic collaborations for institutions in Kerala with USA, UK, and Australia, thereby promoting cultural, educational, and research exchanges.
